Cell Number \_\_\_\_\_ Best time to call? \_\_\_\_\_

**What would you like addressed by a member of the legal community to your students? Please feel free to refer to the attached list of topics for ideas.**

Examples:

- *I am going to review the three branches of government with my 5th grade the week of April 2, 2012. I would like a member of the legal community to address my class that week.*
- *I would like a Law Day presentation for my second graders on May 1, 2012.*
- *I have no specific topic in mind but would appreciate the opportunity to have someone from the legal community visit my middle school classroom the first week of October.*

**TOPIC:** \_\_\_\_\_  
\_\_\_\_\_

1) What class periods would work best for you? What time are these classes? Please give at least two options.

2) Please identify a two week time span that would work best for you to receive a presentation.

You will receive an email or phone call providing you with the contact information of a lawyer or judge that has volunteered to assist you. You will need to contact him/her to schedule the actual visit.
